Application No. 10/078,532
Docket No. 740123-415

REMARKS

The Examiner's allowance of all of the claims is acknowledged with appreciation. With regard to the sole issue standing in the way of allowance of this application, i.e., reference number "52" on line 4 of paragraph 14, appended hereto is a replacement sheet of drawings containing a corrected Fig. 3 in which reference number 52 has been added in a manner consistent with the description in the specification. Thus, this application should now be in condition for formal allowance and such action is hereby requested.

While the present application is now believed to be in condition for allowance, should the Examiner find some issue to remain unresolved, or should any new issues arise, which could be eliminated through discussions with applicant's representative, then the Examiner is invited to contact the undersigned by telephone in order that the further prosecution of this application can thereby be expedited.

Lastly, it is noted that a separate Extension of Time Petition accompanies this response along with payment of the requisite extension of time fee. However, should that petition become separated from this Amendment, then this Amendment should be construed as containing such a petition and the required payment applied to Deposit Account No. 19-2380 (740123-415).

Respectfully submitted,
